

CIR/70/18-19

Date: 21st December 2018

Dear Parents,

Greetings from Amanora School!

In continuation to the successful School Exhibitions and the Junkyard Challenge, Amanora School's Innovation Lab brings forth yet another new initiative to inculcate and develop scientific temperament based on research and logic. The Team prepares to launch an **E-Magazine** with an aim to give students of **Grades III to VIII** a platform to structure and present their ideas in the form of a **Paper Presentation**.

Parents are requested to make best use of this opportunity and encourage their wards to share innovative ideas in the form of a Paper which includes the following:

- a) Summary of the idea in not more than 100 words
- b) The problems that this idea will solve in not more than 100 words
- c) Procedure to construct it
- d) Its uniqueness
- e) Analysis and Testing

The Paper should be a word document that captures the aforesaid pointers and should bear the student's name, class and section. It should be emailed as an attachment to the Vice Principal at the following email address viceprincipal@amanoraschool.edu.in on or before **Friday, 11th January 2019**.

Please note that all the Papers will be scrutinized by a panel of experts for their feasibility. One paper per class per section will be shortlisted and the same will be published in the E-magazine.

Looking forward to our students having an enriching experience.

Best regards,

For Amanora School
