Date: 28<sup>rd</sup> March, 2022

Dear Parents,

We have been using Yardstick kits to make learning enriching and joyful experience. Yardstick designs and implements learning programs for children, engaging their keen, inquisitive and imaginative minds via holistic experiential learning modules. Activities are customized for the state standards, the school curriculum and the teacher needs. It engages learners in a complete experiential learning cycle and all cognitive domains of the bloom's taxonomy.

We are facilitating parents to pick all the kits for Term I for Academic Year 2023-24 as per the schedule below. Parents will be guided to send the kits to school as and when required. Parents need to collect their kits from the vendor as per the schedule by showing existing student ID card / Parent ID card. Kindly note that these yardstick kits are free of cost and parents are required to just collect them.
