

**AMANORA
SCHOOL**

Cir/22/2022-23

7th October 2022

Dear Parents,

Greetings from Amanora School!

A partnership between school and parents helps develop successful and well-rounded students. This partnership provides students with more opportunities to learn and grow from a larger range of viewpoints and life experiences. Through open communication and collaboration, parents and school create important opportunities for students to develop social, emotional, and academic skills.

As our school believes in relating curriculum based on real-life connect and global relevance parents from different walks of life can make a valuable contribution by sharing first-hand information and expertise about different fields of work, hobbies, history, and other personal experiences.

This level of parent involvement in schools allows parents and staff to work together in respectful and mutually supportive ways, creating an environment in which understanding, trust, and respect can flourish. When children observe that home and school are engaged in a partnership for their benefit, they are likely to develop more positive attitude and achieve more.

Hence I request our parent community to register themselves through the link provided below to be part of our newly formed **Parent Resource Cell** and lend their expertise to augment the school experience for our students.

Looking forward to a fruitful association to ensure a positive school climate.

Best regards
For Amanora School
