"The true purpose of assessment is not to measure what students know, but to understand how we can help them learn better."

Dear Parents,

As our students prepare for their upcoming examinations, we seek your support in creating a positive and encouraging environment at home. Please keep the following points in mind:

Encourage, don't pressurise: Motivate your child to prepare sincerely and do their best without creating unnecessary stress or anxiety.

Build confidence: Remind them that examinations are an opportunity to demonstrate their learning. Encourage them to believe in themselves and approach each paper with confidence.

Focus on effort: Appreciate their preparation, hard work and progress rather than focusing only on marks.

Maintain a routine: Ensure that students get adequate sleep, eat healthy meals and follow a balanced study routine, especially during the examination period.

Reach school on time: Students must report to school on time and be dressed in proper school uniform.

Carry necessary stationery: Please ensure that your ward carries all the required stationery for the examination. Sharing of stationery during the examination will not be permitted.

Half-day school: On examination days, the school will function for a half day, and dispersal will be at 11:50 a.m.

Transport arrangements: Parents of students travelling by private vans or those who pick up their wards from school are requested to make the necessary arrangements accordingly.

In case of illness: If your ward is unwell, please do not send them to school. The health and well-being of our students is our priority. In case of absence due to illness, kindly submit a valid medical certificate to the school.

Most importantly, reassure your child that one examination does not define their abilities or potential. Encourage them to stay calm, give their best and trust their preparation.

Warm regards,

Examination Department
