Caring Today, Thriving Tomorrow

"The greatest threat to our planet is the belief that someone else will save it."

— Robert Swan

What if the future we dream of is being shaped by the choices we make today? What if every act of care—towards nature, others, or ourselves—creates a ripple that transforms tomorrow? The future is not built in a single day; it is crafted through the values we practice every day. Caring is the quiet architect of progress, turning simple actions into lasting change.

In an age of rapid development and endless competition, caring is often mistaken for weakness. In reality, it is one of the greatest strengths we can possess. When we choose empathy over indifference, responsibility over convenience, and compassion over selfishness, we create stronger relationships and more resilient communities. A helping hand extended to a friend, respect shown to every living being, or a thoughtful decision made for the greater good reflects true character.

Our responsibility towards the environment is equally important. Every tree planted, every plastic bottle avoided, every drop of water conserved, and every conscious choice we make today safeguards the world we will inherit tomorrow. Environmental responsibility is not about grand gestures—it is about consistent, responsible decisions that protect the delicate balance of nature.

Equally essential is caring for ourselves. A healthy mind, a balanced lifestyle, and emotional well-being empower us to contribute positively to society and inspire others to do the same. Caring Today, Thriving Tomorrow is more than a theme—it is a call to action. Every thoughtful choice we make today becomes a seed of hope for tomorrow. If we nurture our planet with responsibility, treat others with kindness, and lead our lives with empathy, we will not merely witness a better future—we will create one.

Quote of the month

"Those who dwell among the beauties and mysteries of the earth are never alone or weary of life."

Rachel Carson

★ ★ ★ ★ ★

Wonder and appreciation for nature nurture a lasting sense of connection and care.

ARTICLE FROM COORDINATOR

"The future depends on what we do in the present."

— Mahatma Gandhi

Every generation leaves something behind for the next. As educators, we often think about the knowledge, skills, and values we want our children to carry into the future. But one of the most important lessons we can give them is the understanding that **the choices they make today shape the world they will live in tomorrow.**

The theme **"Caring Today, Thriving Tomorrow"** beautifully reflects this thought. Caring for our environment is not about making one big change; it is about developing small, mindful habits that become a part of everyday life. Turning off a tap when it is not needed, switching off lights and fans, avoiding unnecessary use of paper, carrying a reusable water bottle, reducing food wastage, keeping our surroundings clean, and choosing to reuse and recycle are simple actions—but they teach children a very important lesson: **every choice matters.**

At Amanora School, we believe that environmental responsibility should be experienced, not simply taught. Students learn best when they can see, touch, observe, question, and participate. A classroom discussion about saving water becomes more meaningful when children begin noticing how water is used around them. A lesson on plants becomes more meaningful when they care for a sapling and watch it grow. A conversation about waste becomes meaningful when they learn to separate, reduce, reuse, and recycle.

Our focus is also on **responsible decision-making.** We encourage students to pause and ask themselves: *Do I really need this? Can I reuse it? Am I wasting something? Will my choice help or harm the environment?* These simple questions help students understand

ARTICLE FROM COORDINATOR

that being responsible is not about following instructions alone—it is about making thoughtful choices even when no one is watching.

Equally important is developing **empathy for nature.** A tree is not merely something that provides shade; it is a living part of our ecosystem. A bird, a butterfly, an insect, or a tiny plant has a place in the world we share. When students learn to observe nature with curiosity and care, they begin to understand that they are connected to something much bigger than themselves.

The journey towards a sustainable future does not begin somewhere far away. It begins in our homes, classrooms, playgrounds, and everyday choices. And when students learn to care today, they become the ones who can create a kinder, greener, and more responsible tomorrow.

When we teach children to care today, we give tomorrow a better chance to thrive.

- Ms. Neha Khan,

Coordinator - Nursery to Grade II

ACADEMIC ACTIVITIES

Settling into School Life

Our Nursery learners had a warm and happy start to their school journey! The first week was filled with music and movement, creative exploration, sensory play, fine motor activities, and simple movement challenges. These experiences helped children become comfortable in their new surroundings, connect with teachers and peers, and settle into the rhythm of school life at their own pace.

Motor Skills Development in Nursery

From crawling, jumping and tossing to tracing, scribbling and creating, our Nursery learners explored movement and hands-on activities that strengthened their developing motor skills. Through sensory experiences, creative expression and early writing activities, children built coordination, control, focus and confidence while taking their first steps towards greater independence.

Red, Blue and a World of Discoveries!

Our Nursery learners explored colours through observation, sorting, colouring and conversations. As they spotted familiar colours in their surroundings and began naming and identifying them, children developed their observation, language and thinking skills while expressing their creativity through engaging experiences.

Choose Your Greeting, Build a Connection

Learners of Prep I & II participated in a peer bonding activity that encouraged them to

ACADEMIC ACTIVITIES

connect with their new classmates. Working in pairs, they chose friendly greetings such as a handshake, high-five or fist bump and introduced themselves.

Through simple choices, movement and conversation, children practised social etiquette, initiated interactions and developed confidence while building positive connections and a sense of belonging within their new classroom community.

Fun with Pre-Writing Skills!

Prep I students explored standing, sleeping, slanting and curved lines through engaging hands-on experiences. As they traced, observed and created different patterns, they strengthened fine motor skills, pencil control and visual recognition while developing confidence in expressing their ideas through simple sentences.

Swar Journey

Our Prep II learners embarked on a lively journey into the world of Hindi Swar through songs, rhymes, matching games and hands-on activities. These engaging experiences helped children recognise and explore Swar, expand their vocabulary, and build early literacy skills with growing confidence.

Revisiting CVC Words

Prep II students revisited CVC words through engaging reading and language activities. They practised reading words, recognising familiar sound patterns and using them in simple sentences, strengthening phonics, vocabulary and language expression while building greater confidence in reading.

ASSEMBLY

International Yoga Day

Stretching, balancing and smiling their way through the day, our Preprimary learners celebrated International Yoga Day on Thursday, 18th June 2026.

Prep II learners confidently led a special assembly, demonstrating a variety of yoga asanas, while Nursery and Prep I learners participated in yoga sessions in their classrooms. From the Tree Pose and Lion Pose to fun wrist-strengthening exercises, the children embraced each activity with enthusiasm and focus.

It was a wonderful celebration of movement, mindfulness and healthy habits, inspiring our young learners to discover the joy of caring for their body and mind.

Events

Parent Orientation Programme

The Preprimary Section of Amanora School welcomed new and existing parents through online and in-house Parent Orientation Programmes held on 25th April and 2nd June 2026.

The sessions provided an overview of the curriculum, learning approach, school practices and the nurturing environment that supports children's development. The programmes also strengthened the partnership between parents and the school, setting the stage for a meaningful year of learning and growth.

Events

First Step into School – A Warm Welcome for our Nursery Learners

On 3rd June 2026, our Nursery learners began their school journey with a special welcome celebration attended by their parents. The morning included prayers, rhymes, songs, creative experiences and playful activities that helped children feel comfortable and connected in their new surroundings.

Parent-child games, parachute play and a dance session brought families together, while a special takeaway medal marked this important first step. The celebration created a warm beginning to the children's journey of discovery, confidence and learning.

Back to School with Smiles and Excitement

On 4th June 2026, Prep I & II learners were welcomed back to school with a specially decorated entrance, friendly greetings, bubbles, puppets and playful activities.

The day continued with prayer, Circle Time, introductions, partner activities, dance and sports, giving children opportunities to reconnect, make new friends and settle comfortably into their new classrooms. A special takeaway medal marked the beginning of another year of learning, friendships and new experiences.

Father's Day – Celebrating the Special Bond

On 13th June 2026, the Preprimary Section celebrated Father's Day with a special morning of togetherness, teamwork and shared

Events

experiences. Fathers and children participated in games and activities that encouraged communication, cooperation and connection.

A special highlight was the personalised keepsake presented by each child, featuring a QR code that revealed a heartfelt video message created for their father. The celebration beautifully honoured fathers as important guides, role models and companions in their children's growing years.

SCHOOL EVENTS

Celebrating Academic Excellence – Board Results 2026

Amanora School proudly celebrates another year of outstanding Board results, with 100% pass results in both Grade X and XII.

In Grade X, our students performed exceptionally well, with Karan Oberoi emerging as the School Topper with 99%, followed by Ruchi Shirshat with 98.8% and Jasmita Kar with 98.6%.

In Grade XII, Abhinandan Patil topped the Science stream with 90.6%, while Aastha Mahajan led the Commerce stream with 96.6% and Tejasvi Khanwalker topped the Humanities stream with 96.6%. Our subject toppers also achieved remarkable scores, including perfect 100s in Psychology, Informatics Practices and Entrepreneurship.

These achievements reflect the dedication of our students, the guidance of our teachers and the steadfast support of our parents. Together, they embody the spirit of excellence that continues to define the Amanora School community.

SCHOOL EVENTS

Abhivyakti 2026 – A Voyage of Expression

On 27th June 2026, Amanora School celebrated the launch of its flagship 15 Books Reading Campaign along with the 4th Edition of Abhivyakti – A Voyage of Expression 2026, an interschool literary competition centred on the theme "Fantasy – A World of Imagination and Magic."

The inaugural ceremony was graced by eminent authors and literary mentors Ms. Sagarika Saha and Ms. Divya Chakraborty, along with Director-Principal Ms. Meera Nair, Secondary Headmistress Ms. Amrita Gangwal, and Primary Headmistress Ms. Sujata Rathaur. The ceremonial lamp lighting marked the formal launch of both initiatives.

A captivating theatrical presentation, "The Forgotten Library," brought the magic of books to life, highlighting the enduring power of reading in an increasingly digital world.

The event brought together students from Delhi Public School, The Knowledge Habitat, The Kalyani School, EuroSchool Kharadi and Undri, and Ryan International Academy – Bhavdhan, Hinjewadi and Wagholi, who competed across six imaginative events: Inanimate Expression, Book Cover Splash, Into the Villain's Mind, Fantasy Quest Hunt, Symphony of Stories, and Wordless Wonders.

Through storytelling, art, podcasts, treasure hunts, musical performances and mime, students showcased creativity, critical thinking, collaboration and confident expression. The judges applauded the remarkable talent and encouraged students to embrace reading as a pathway to knowledge, empathy and imagination.

The event celebrated not only literary excellence but also the transformative power of stories to inspire young minds to read deeply, imagine freely and express confidently.

Health, Safety and Child Protection (HSCP) Practices

POCSO & POSH Awareness Session

A POCSO and POSH awareness session was conducted on 25th March 2026 for teachers by Reshma Bamb, a representative and trained facilitator from SHY Foundation. The session focused on raising awareness of child protection, workplace safety, appropriate conduct, and adults' responsibilities in safeguarding children.

Fire Evacuation Drill

A Fire Evacuation Drill was conducted on 29th April 2026 to assess emergency preparedness and response. A total of 2,580 students and staff were successfully evacuated within four minutes through designated routes. The drill assessed the effectiveness of the alarm system, evacuation procedures, staff coordination, assembly-point management and headcount processes, reinforcing the importance of a calm and organised emergency response.

Health, Safety & Child Protection (HSCP) Training

A HSCP orientation was conducted on 5th June 2026 for Nursery, Preprimary and Grade I & II led by HSCP Coordinator Miss Seema Garg. The session highlighted the school's commitment to maintaining a safe and respectful environment with zero tolerance for harm and corporal punishment.

The school's safety framework includes five committees: HSCP, Anti-Bullying, Fire Safety, First Aid and Internal Complaints Committee (ICC). Preventive measures include hygiene and medical readiness, surprise bag checks, snake-risk management, controlled gate passes and regular fire drills. Campus security is further supported by 225 CCTV cameras and a dedicated surveillance control room.

Defensive Driving Skills Training

A one-hour Defensive Driving Skills Training was conducted on 27th June 2026 by Ashok

Health, Safety and Child Protection (HSCP) Practices

Leyland for school bus drivers. The session focused on safe driving, hazard identification, accident prevention and responsible driving practices, reinforcing the importance of student safety during transportation.

Together, these initiatives strengthen a culture of preparedness, vigilance and care, keeping student safety at the heart of school life.

TEACHER'S CORNER

Caring for nature begins with a sense of wonder and a gentle connection with the world around us. In the early years, children experience nature through simple moments—watching a butterfly, noticing a tiny insect, admiring a flower, listening to birds, or seeing a plant grow.

These experiences help children recognise that the world around them is worthy of care and respect. As they observe, they begin to make small, thoughtful choices—being gentle, showing kindness, and allowing living things to flourish in their own way.

Over time, these seemingly small moments become meaningful experiences. A child who learns to pause before disturbing a tiny creature, to handle a plant gently, or to notice when something around them needs care is gradually developing an understanding of kindness and consideration. Such experiences shape the way children relate to the world around them and lay the foundation for thoughtful choices and responsible actions as they grow. When empathy becomes a part of their early experiences, caring for others and their surroundings can become a natural part of who they are.

TEACHER'S CORNER

"The seeds of kindness we nurture today can grow into a more caring world tomorrow."

- Ms. Bhawna Sharma,
Preprimary Teacher Lead

Upcoming Events

- Doctor's Day
- Ashadhi Ekadashi
- Blue Day
- Drawing and Colouring Competition
- Parent Orientation of Reading Enhancement and Fine Motor Skills
