Grades VI to XII

From the Director's Desk

"If you want to go fast, go alone. If you want to go far, go together."

— African Proverb

Respect is the quiet force that transforms a collection of individuals into a team. It cannot be bought, demanded, or faked; it must be earned and given freely. Without respect, communication becomes strained, trust begins to fade, and teamwork crumbles under the weight of misunderstanding. With respect, however, ordinary individuals achieve extraordinary results together.

Every successful team—whether in a classroom, on the sports field, or in the workplace—is built on the foundation of communication and mutual respect. Respect is more than good manners; it is the willingness to value every voice, appreciate different perspectives, and recognize that every individual has something meaningful to contribute. When people feel respected, they gain the confidence to express their ideas openly, listen with empathy, and collaborate without fear of judgement.

True teamwork is not about seeking individual recognition but about working towards a shared purpose. It is found in the student who encourages a struggling classmate, the teammate who celebrates another's success, and the leader who listens before making decisions. Such actions create an environment where trust grows, creativity flourishes, and challenges become opportunities for collective success. Teamwork is not simply the sum of individual efforts; it is the synergy created when people work together toward a shared goal. Respect ensures that this synergy is positive and productive.

The strongest teams are not those with the most talented individuals, but those where every member feels heard, valued, and respected. Communication gives a team its voice, but respect gives it its heart.

Let us remember: Speak so others feel heard. Listen so others feel valued. Act so others feel respected. When respect becomes a habit, teamwork becomes effortless, and together we can achieve far more than any one of us could ever accomplish alone.

- Ms. Meera Nair,
Director - Principal

Editorial Committee:

Ms. Hillary Maliakal - HOD English

Quote of the month

"Great teams are built not just by working together, but by listening to one another, respecting differences, and valuing every voice."

★ ★ ★ ★ ★

A strong team is not one where everyone thinks alike, but one where everyone feels valued.

Headmistress Speaks

Teamwork Begins with Respect

Teamwork is not simply about working together; it is about learning to value one another while working towards a common goal. At the heart of every successful team lies one essential quality—respect.

The foundation of teamwork must be laid early in life. Students need to be taught the value of teamwork through small, meaningful tasks where they learn to share, cooperate, listen and respect each other. Whether they are working on a classroom activity, completing a group project, participating in a game or helping a friend, these everyday experiences teach children that everyone has a role to play. They learn that success is not always about being the one who leads, but also about supporting others and appreciating their contribution.

When children learn to respect different ideas, abilities and perspectives, they gradually develop empathy and an understanding of collective responsibility. These values become an important part of who they are as they grow.

The same principle applies to adults in real life. Whether at the workplace, in a community or within a family, people can work effectively together only when there is mutual respect. Every individual brings different experiences, strengths and ways of thinking. Respect allows us to acknowledge these differences without allowing them to become barriers.

Headmistress Speaks

In a professional environment, respect is reflected in our words, actions, tone and body language. It means listening without immediately judging, giving credit where it is due, accepting differences of opinion and offering support when someone needs it. A respectful workplace encourages people to contribute freely and work towards shared goals.

True teamwork does not require everyone to think alike. It requires people to respect each other's differences while remaining united by a common purpose.

When respect becomes a habit in childhood, collaboration becomes a natural part of adulthood. Therefore, if we want to build strong teams and responsible citizens, we must begin by teaching our children one simple yet powerful lesson:

Respect each other, value each other's contribution, and teamwork will follow.

- Ms. Sujata Rauthur,
Primary School - Headmistress

Academic Activities

The Price Puzzle

The Grade IX students of Amanora School explored the concepts of Demand, Supply, Surplus and Shortage through a practical, activity-based learning experience.

Using a hypothetical market for an essential commodity, students prepared demand and supply schedules, carried out numerical calculations, plotted demand and supply curves, and identified the market equilibrium.

The activity also helped students connect Economics with real-life social issues by understanding how changes in the prices of essential commodities can affect consumers, low-income families, farmers, producers and society as a whole.

A meaningful learning experience that encouraged students to develop analytical, mathematical, graphical and problem-solving skills while appreciating the practical relevance of Economics.

Circles & Mandala Art

Grade IX students beautifully blended Mathematics with Art through an engaging Mandala Art Activity based on the concept of Circles. On A4-size sheets, students created intricate and colourful mandala designs by exploring circles, symmetry, patterns, and creativity.

The activity provided students with an opportunity to understand mathematical concepts in a creative and enjoyable way while expressing their artistic imagination. The vibrant mandalas showcased their precision, patience, creativity, and understanding of geometrical patterns.

A beautiful fusion of Mathematics, Art and Creativity!

Academic Activities

Independence Day Classroom Activity

Students of Grades IX to XII of Amanora School participated enthusiastically in creative classroom activities commemorating India's 80th Independence Day. The activities aimed to nurture patriotism, creativity, national pride, and awareness of India's achievements and aspirations.

Students engaged in stamp designing, poster-making & logo designing around themes such as Vision India 2047, Water for Tomorrow, Healthy India, Ek Bharat Shreshth Bharat, Digital India, and Green India, Clean India, reflecting India's heritage, achievements, innovation, unity, sustainability, and future aspirations. Aligned with the vision of Viksit Bharat 2047, the activities promoted patriotism, constitutional values, scientific progress, and youth participation in nation-building.

Overall, the celebration encouraged students to learn from the sacrifices of our freedom fighters, value the freedom they gifted us, and take inspiration to contribute responsibly towards building a united, self-reliant, innovative, and progressive India.

The Entrepreneurs of Tomorrow

An engaging Entrepreneurship activity was conducted to help the students Grade XI students understand how entrepreneurs identify opportunities, generate business ideas, and turn them into visible products or services. The activity aimed to nurture innovation, creativity, and entrepreneurial thinking by encouraging students to identify real-world problems and develop practical business solutions.

Working in teams of four, the students explored various societal challenges and proposed innovative solutions in the form of a product

Academic Activities

or service. Each team presented a comprehensive business pitch, outlining the problem identified, their unique solution, target market, and the value proposition of their venture.

The students demonstrated exceptional creativity, critical thinking, teamwork, and presentation skills through their well-prepared pitches. Their innovative ideas reflected a strong understanding of entrepreneurial concepts and their potential to create a positive impact on society.

The activity served as a meaningful way to inspire students to think beyond textbooks, embrace innovation, and develop an entrepreneurial mindset.

Commerce Day: The Brand Challenge

As part of the Commerce Day celebrations, Grade XII students organised an exciting brand-based competition for seven teams from Grade XI & XII Commerce. The rounds featured questions on company logos, popular taglines, business founders and CEOs, along with business cases requiring participants to identify the brands involved. An interactive audience round, "Guess It, Get It," added to the excitement, as participants guessed the prices of displayed items. Three teams advanced to the final round, where they identified brands using three visual hints. Anarghya of Grade XII and Girija of Grade XI emerged as the winners, demonstrating impressive brand awareness, quick thinking and teamwork.

Both activities provided valuable learning experiences, encouraging analytical thinking, active participation, collaboration and the practical application of knowledge in an enjoyable and stimulating environment.

Academic Activities

Learning Through a Stock Market Presentation

As part of their learning process for the Business Studies chapter – Financial Market, the students of Grade XII presented an insightful and engaging presentation on the Stock Market.

The students covered various important aspects of stock exchanges, beginning with the concept and functions of a Stock Exchange and the stages of its development and growth. They also introduced the class to the major stock exchanges in India and explained concepts such as dematerialisation and Demat accounts.

The presentation further focused on the process of opening and registering for a Demat account and provided a clear explanation of the process of buying and selling shares. The students also explained several important terminologies associated with stock exchanges, helping their peers understand the topic in a more practical and meaningful manner.

It was a wonderful and informative presentation that not only enhanced the students' understanding of the Financial Market but also helped them connect the concepts from their textbook with real-world financial practices. The students demonstrated excellent preparation, teamwork and clarity of thought, making the learning experience engaging and enriching for everyone.

Events

All India Ryan Championship: The Young Gandhi

The Grade IX students showcased their in-depth knowledge, critical thinking, and oratory skills at the Young Gandhi School Championship. The prestigious event witnessed enthuasiastic participation from nine outstanding students representing the Grade IX sections, who delivered insightful and compelling presentations on the theme of World Politics.

The event was a testament to the students' dedication to learning and their ability to think critically about complex global issues. Through their presentations, they demonstrated a deep understanding of the intricacies of world politics. The audience was thoroughly engaged, and the participants received thunderous applause for their confident and articulate deliveries. The parents of the participating students were beaming with pride as they witnessed their child's exceptional performance. Parents also expressed their appreciation for the students' efforts, emphasizing the importance of seizing opportunities like these to enhance their skills and praising the school for providing such a platform.

The School Champion will proceed to the National Level of The All India Ryan Championship. The Young Gandhi and compete with champions from across India.

80th Independence Day – Honouring Freedom, Inspiring the Future

Amanora School celebrated the 80th Independence Day under the theme "Honouring Freedom, Inspiring the Future," reflecting the nation's rich heritage and the vision of Viksit Bharat.

The celebration began with the hoisting of

Events

the National Flag by Director – Principal Ms. Meera Nair, accompanied by the school leadership team, followed by the National Anthem and Flag Song performed by the school choir.

The cultural programme featured a classical dance and an energetic fusion dance by Grade IX & X, an Inter-House Singing Competition for Grades VI to VIII, and a 'Dress Up and Talk' activity by Grades III to V honouring India's legendary personalities. A Grade VIII student delivered a Hindi speech on Independence Day, followed by the announcement of the singing competition results. The programme concluded with the National Song.

Leading up to the celebration, students participated in creative activities from 3rd to 6th August 2026. Grade IX designed original postal stamps on the theme 'India Through a Stamp', while Grade X participated in a logo designing competition on themes including 'Vision India 2047', 'Water for Tomorrow', 'Healthy India', 'Green India–Clean India', 'Digital India' and 'Ek Bharat, Shresth Bharat'. Grade XI Humanities students created posters on 'Viksit Bharat'.

Together, these celebrations fostered patriotism, creativity and a sense of responsibility towards India's future.

Tirangaa 2026: Celebrating India – Honouring Roots, Igniting Dreams

Amanora School hosted the 16th edition of Tirangaa, its Independence Day Cultural Fiesta, bringing together 17 schools from Pune under the theme "Honouring Roots, Igniting Dreams."

The event commenced with the ceremonial lighting of the lamp by Director – Principal

Events

Ms. Meera Nair, Headmistresses Ms. Amrita Gangwal and Ms. Sujata Rathaur, along with the esteemed judges. Competitions across age groups showcased India's traditional games, attire, dance, folk tales, art, travel, architecture, technology and innovation, connecting the nation's rich heritage with the vision of Viksit Bharat.

The distinguished panel of judges included Ms. Madulikka Sharma, Ms. Divya Chakraborty, Ms. Vidya Nesarikar, Ms. Sagarika Saha, Ms. Anjali Kukreja, Mr. Girish Manohar, Ms. Sangeeta Guha and Mr. Sandeep Godbole.

The dedicated efforts of the Amanora team, supported by the Junior and Senior Council members, ensured smooth coordination, warm hospitality and seamless execution across venues. The celebration concluded with the Prize Distribution Ceremony, Vote of Thanks and National Anthem, reinforcing the importance of honouring our roots while inspiring young minds to shape India's future.

AMUN 2026 | 7th Edition Two Days. Countless Ideas. Endless Learning

The 7th edition of Amanora Model United Nations welcomed over 200 students from 24 schools across Pune, creating a vibrant platform where young minds came together to exchange perspectives, tackle real-world issues, and grow as confident communicators, critical thinkers, and compassionate leaders. Rooted in the ideals of the United Nations, AMUN continues to inculcate the values of diplomacy, peace, global cooperation, respect for diversity, and responsible citizenship, empowering students to become informed global citizens and future leaders capable of making meaningful contributions to society.

The event began on a meaningful note with a Tree Plantation Drive, led by Director - Principal Ms. Meera Nair, Secondary School Headmistress Ms. Amrita Gangwal, Primary

Events

School Headmistress Ms. Sujata Rathaur, and the coordinators, reaffirming our commitment to sustainability and responsible citizenship.

An elegant classical dance performance beautifully showcased India's rich cultural heritage, creating an inspiring atmosphere for the event. The Executive Boards were then introduced and felicitated, followed by an encouraging address by Director-Principal Ms. Meera Nair. She motivated all participants, especially first-time MUNers, to embrace the opportunity with confidence, curiosity, and enthusiasm. With her inspiring words, Ms. Meera Nair officially inaugurated AMUN 2026, setting the stage for a meaningful journey of learning, collaboration, and fresh perspectives.

This edition was especially memorable with the addition of three Junior Committees (Grades III to VI) alongside six Senior Committees (Grades VII to XII), giving students across age groups the opportunity to engage with global themes such as human rights, governance, media, public health, heritage, equality, humanitarian issues, and climate action. Through thoughtful debate, negotiation, and collaborative problem-solving, delegates developed essential leadership skills while gaining a deeper understanding of global challenges and the importance of collective action.

As Kofi Annan wisely said, *"Knowledge is power. Information is liberating. Education is the premise of progress."* Those words perfectly capture the essence of AMUN 2026—a journey of learning, listening, discovering new perspectives, and embracing the shared responsibility of building a more peaceful, equitable, and sustainable world.

The closing ceremony reflected the spirit of the past two days, celebrating not only achievements but also the confidence, friendships, leadership qualities, and experiences that every participant will carry forward. The Executive Board members applauded the remarkable growth and

Events

dedication displayed by the students, followed by the much-awaited declaration of awards honouring outstanding performances.

Our heartfelt gratitude goes to the Organising Committee, volunteers, and every member of the Amanora School staff, whose unwavering commitment and behind-the-scenes efforts made AMUN 7.0 a memorable success.

Director - Principal Ms. Meera Nair concluded the event with an inspiring address, reflecting on the meaningful experiences and valuable lessons gained throughout AMUN 7.0. She encouraged students to continue embracing curiosity, thoughtful perspectives, empathy, and compassion while upholding the values of the United Nations in their everyday lives. Expressing her heartfelt gratitude to everyone who contributed to the success of the event, she officially declared the 7th edition of the Amanora Model United Nations closed.

As the curtains fall on AMUN 7.0, we celebrate not just an event, but a transformative experience that nurtured future leaders, strengthened the ideals of diplomacy and global citizenship, built lasting connections, and inspired young minds to become responsible changemakers committed to creating a more peaceful, inclusive, and sustainable world. Until next year!

Assemblies

World Elephant Day: Promotes Conservation of Elephants and their Habitats

The students of Grade X conducted an engaging assembly on World Elephant Day, celebrated on 12th August every year to raise awareness about the conservation of elephants and their habitats.

The assembly began with the school prayer, Word and Thought of the Day, Pledge and News Update, followed by an entertaining and motivational street play and a beautiful song highlighting the importance of protecting elephants.

The Class Teacher emphasised that every individual can contribute to wildlife conservation by spreading awareness, respecting animals and avoiding products associated with animal cruelty.

The assembly conveyed a simple yet powerful message: Protect elephants, protect biodiversity, protect our future.

August Kranti: The Turning Point

The students of Grade VII conducted a special morning assembly to commemorate August Kranti (Quit India Day). The assembly began with the Word of the Day, Thought for the Day, News Headlines, and the HSCP Alert of the Week. The students presented an engaging skit depicting the significance of the Quit India Movement and the historic events of 8th August, 1942. Through their performance, they highlighted the courage, unity, and determination of the freedom fighters who inspired the nation to strive for independence.

Assemblies

Friendship: A Bond of Trust and Care

Grade IX students conducted the assembly on the theme “Friendship – A Bond of Trust and Care.” The assembly began with the Morning Prayer and news updates, followed by a skit that highlighted how true friends support one another and stand by each other during difficult times. The Class Teacher emphasised that a true friend does not encourage wrong actions but guides their friend towards the right path. She also encouraged students to reach out to classmates who may be sitting alone or feeling excluded. The coordinator reinforced that genuine friendship is built on trust, honesty, care, and the courage to correct one another with kindness.

Math Magic: Learning Beyond the Classroom

The Mathematics Assembly for Grades VI to VIII aimed to foster a positive attitude towards Mathematics and develop logical reasoning and problem-solving skills. Students presented fascinating facts about renowned mathematicians and their contributions, challenged their peers with thought-provoking puzzles, and performed an entertaining skit highlighting the significance of Mathematics in everyday life. The assembly encouraged curiosity and demonstrated that Mathematics extends beyond the classroom into various aspects of daily living.

Teamwork is the foundation of success, whether in a school or a workplace. It brings people together, encourages collaboration, and creates an environment where everyone feels valued and motivated. However, effective teamwork begins with respect—respect for different opinions, abilities, ideas, and perspectives.

In school, teamwork helps students learn the importance of cooperation, sharing responsibilities, and appreciating one another's strengths. Whether working on group projects, participating in sports, or organising school events, students develop communication, problem-solving, and leadership skills. Respecting every team member ensures that everyone gets an opportunity to contribute, fostering confidence, empathy, and a sense of belonging.

Similarly, in the workplace, respect is essential for building trust, strengthening professional relationships, and achieving common goals. When colleagues listen to one another, value diverse perspectives, and acknowledge each other's contributions, they create a positive and productive work environment. Respectful teamwork reduces misunderstandings, encourages innovation, and enables individuals to overcome challenges collectively.

Ultimately, teamwork is not merely about working together; it is about growing together. When respect guides our words and actions, differences become strengths, challenges become opportunities, and shared efforts lead to meaningful achievements. By practicing respect in our daily interactions, we can build stronger teams, nurture lasting relationships, and create a culture of cooperation and success.

- Ms. Sinu Nair,
HOD Mathematics

Health, Safety and Child Protection (HSCP) Practices

Hygiene and Cleanliness: A Habit for a Healthy Life

Hygiene and cleanliness are essential for maintaining a healthy, happy, and responsible lifestyle. Good hygiene habits not only protect us from diseases and infections but also create a positive and pleasant environment for everyone.

At Amanora School, our students understand the importance of cleanliness and personal hygiene. They are encouraged to keep themselves, their classrooms, and their surroundings neat and clean. Through regular awareness and responsible practices, Amanora School students are learning that cleanliness is not just a responsibility but a way of life.

Grade X students, in particular, demonstrate a strong sense of responsibility towards maintaining hygiene and cleanliness. They follow good personal hygiene practices, keep their learning spaces clean, dispose of waste properly, and encourage others to do the same. Their mindful participation reflects the values of discipline, responsibility, and respect for their school environment.

A clean environment promotes better health, improves concentration, and creates a positive atmosphere for learning. By practising cleanliness every day, our students are taking an important step towards becoming responsible citizens.

Clean surroundings, healthy minds, responsible citizens!

We promise to continue to make Amanora School a cleaner, healthier, and happier place for everyone.

Trivia Questions

Did You Know?

Amazing Facts about the Human Body

1. Your brain is always active! Even when you sleep, your brain continues to work, helping you process memories and information.

2. Your heart beats thousands of times a day! An average human heart beats around 100,000 times in 24 hours.

3. Your skin is your body's largest organ! It protects you from germs, helps regulate body temperature, and allows you to feel sensations.

Wonders of Our Planet

4. Antarctica is the world's largest desert! Despite being covered in ice, it receives very little precipitation.

5. Lightning is incredibly hot! A lightning bolt can heat the air around it to temperatures hotter than the surface of the Sun.

6. Earth is not a perfect sphere! It bulges slightly around the equator because of its rotation.

The Wonderful World of Animals

7. Octopuses have three hearts! Two pump blood to the gills, while the third pumps it to the rest of the body.

8. Butterflies taste with their feet! Special sensory receptors help them identify suitable plants.

9. Elephants communicate over long distances! They can produce low-frequency sounds that travel farther than many sounds humans can hear.

Space and Science

10. A day on Venus is longer than its year! Venus takes about 243 Earth days to rotate once but only about 225 Earth days to orbit the Sun.

11. The Moon is slowly moving away from Earth! It drifts away at an average rate of approximately 3.8 centimetres per year.

12. Saturn could float in water—in theory! Its average density is lower than that of water, although no ocean exists large enough to hold the planet.

Learning and Everyday Life

13. The word "alphabet" has Greek roots! It comes from the names of the first two Greek letters: alpha and beta.

14. Reading aloud can strengthen learning! It encourages attention, supports language development, and can help children remember what they read.

15. Curiosity is a powerful learning tool! Asking questions, exploring ideas, and learning from mistakes help children develop critical-thinking and problem-solving skills.

Students' Achievements

Amanora School Shines at 'Quest to Conquer'

The inter-school quiz competition, "Quest to Conquer," was held on 12th August 2026 at Elpro Mall, Pune, and organised by Fateh Education. Amanora School participated with two enthusiastic teams comprising eight students: Team Amanora Prodigies—Avani Sinha, Shaurya Dubey, Krishnadev Dhanush and Aahana Misra; and Team Wagh Warriors—Pushkar Wagh, Aditya Atal, Purvi Manohar and Ishwari Doke. The event was graced by Mr. Suneet Singh Kocher, CEO and Founder, and Mrs. Binti Kocher, Director. The quiz was an engaging and intellectually stimulating experience, featuring diverse topics such as History, Geography, Current Affairs, Literature, Music, Drama and Gen Z terminology. The challenging rounds tested the participants' knowledge, quick thinking, presence of mind and ability to work collaboratively under pressure. Both Amanora teams performed commendably, demonstrating enthusiasm, confidence and excellent team spirit. Their impressive performance enabled both teams to qualify for the semifinals. Although they could not progress to the finals, the competition offered them valuable exposure, enriched their knowledge and provided an opportunity to learn from their peers while experiencing the excitement of inter-school competition. Congratulations to all eight participants for their commendable efforts, enthusiastic participation and spirited representation of Amanora School!

Celebrating the Young Author in Our Midst!

Amanora School is delighted to share the remarkable achievement of Maitree Bhosale of Grade VIII, who has written and published her very own book, *Saviours of the World.* Maitree's book is also available on Amazon, making this achievement even more special and inspiring. Her accomplishment is a wonderful reflection of imagination, confidence, perseverance, and the courage to turn an idea into reality. At such a young age, Maitree has shown us that young minds can achieve extraordinary things when they believe in their

Students' Achievements

ideas and pursue them with dedication. The Amanora School community is immensely proud of Maitree and wishes her many more stories, books, and milestones on her journey as a young au

Congratulations, Maitree! Keep writing, keep creating, and keep inspiring!

Amanora School Shines at PUNAR NIRMAAN 2026!

The students of Grade X and XII from Amanora School participated in PUNAR NIRMAAN 2026 – Reviving Indian Brands, Reimagining Their Future, a turnaround entrepreneurship challenge hosted by Kothari International School, Pune. The event brought together 13 teams from seven schools across Pune, providing students with an enriching platform to showcase their entrepreneurial abilities, creativity, and problem-solving skills.

The competition challenged participants to analyse struggling Indian brands, identify business challenges, redefine brand identities, redesign business strategies, rekindle customer interest, and propose sustainable growth solutions. Through their innovative ideas and strategic presentations, Amanora's students demonstrated exceptional critical thinking, market awareness, teamwork, and effective communication skills. The challenge encouraged them to apply business concepts to real-world situations and explore innovative approaches to revitalising established Indian brands.

Adding to the school's pride, both Amanora teams secured the Best Market Insight Award in their respective categories—the Grade IX & X category and the Grade XI & XII category. This remarkable achievement reflects the students' dedication, analytical abilities, and entrepreneurial mindset.

Students' Achievements

Amanora School Shines at KMUN 2026

Kothari International School hosted its Model United Nations (KMUN) Conference, centred on the theme *"Security in the 21st Century: Beyond Borders and Battlefields."* The conference featured six committees—WHO, FAO, ILO, IMF, UNODC and DISEC—providing a platform for students to deliberate on global challenges related to public health, food security, labour stability, economic resilience, cybercrime and emerging technologies.

Amanora School proudly participated with 16 students from Grades VII to XII, who demonstrated remarkable confidence, research skills, diplomatic acumen and collaborative spirit. Three students also served as Vice Chairs, showcasing their leadership and ability to facilitate meaningful discussions.

Our students brought laurels to the school by earning several accolades. Vihaan Khetan, Shweta Chourasia and Dhruvi Kashyap received the Best Delegate awards, while Ishwari Doke and Naina Mittal earned High Commendations. Krittika Agrawal received a Special Mention. Other recognitions included Outstanding Public Speaker, Most Promising Delegate and Outstanding Diplomat, awarded to Manasi Gharat, Reyaansh Patil, Krisha Shah and Mihika Dake.

The conference offered a valuable opportunity to develop critical thinking, public speaking, negotiation and global awareness. Heartiest congratulations to all our young diplomats for their commendable performances and achievements!

Students' Achievements

Amanora School Makes Its Mark at WRO India 2026

Amanora School proudly participated in the World Robot Olympiad (WRO) India 2026, a prestigious robotics competition celebrating innovation, creativity and technological excellence. This year's theme encouraged students to explore how robotics could preserve and promote cultural heritage, arts and stories.

Representing the school in the Future Innovators category, Arnish Salve - Grade VI, Adwik Dubey - Grade VI and Atharv Nair - Grade VII, designed an innovative project titled "WARKARI," an intelligent robotic voice assistant that serves as an interactive guide to cultural knowledge. Among nearly 1,700 teams competing nationwide, their project was selected among the top 38 entries, earning a place in the Virtual Round held on 2nd July 2026. The team subsequently earned an invitation to the Mumbai Regional Championship.

The students demonstrated commendable technical expertise, creativity, teamwork and problem-solving abilities while presenting their project and interacting with judges and fellow innovators. Although they narrowly missed qualifying for the National Round, the experience provided invaluable exposure to emerging technologies, expert feedback and innovative ideas.

The school extends its heartfelt gratitude to Director - Principal Ms. Meera Nair and Secondary School Headmistress Ms. Amrita Gangwal for their constant encouragement and support.

Congratulations to our young innovators for their remarkable achievement and for representing Amanora School with confidence and dedication! Their journey exemplifies how curiosity, perseverance and experiential learning pave the way for future success.

Student Speaks

We have all seen it happen: A team full of individual talent and capability doesn't always ensure success. What is the true secret to cohesive teamwork one may wonder? Teamwork is based around the interactions one has with his/her colleagues. It isn't simply about throwing the best people in one group it is about the journey a team goes through to express itself via mutual respect, support and honesty.

Each one of us may have known the answer to this question. But the real question lies in how do we inculcate these values? The true answer to that is students must understand that each member has a different background and a different perspective. We must learn to respect each other's thoughts by encouraging team members to understand each other through common interactions. A team is a giant support system where each member has to support each other through humility. We must learn to give honest feedbacks as every team member deserves to know the truth. Communication in a team is quintessential for its success; it involves listening to each individual thoroughly and asking clarifying questions which helps build respect.

Teams build themselves around meaningful goals. If the spirit of many in body but one in mind prevails among the people, they will achieve all their goals. Above all, we must remember that teamwork begins with an R – Responsibility, because every individual must take ownership of their role, contribute wholeheartedly and remain accountable for achieving the team's common goals.

- Dhairya Gautam,

Grade X 'I'

PARENT'S CORNER

"Coming together is a beginning, staying together is progress, and working together is success."

- Attributed to Henry Ford

Teamwork is not just about working together; it is about understanding, respecting and valuing one another. As parents, we believe that these values play an important role in shaping a child's personality and helping them grow into confident and responsible individuals.

Respect is the foundation of every successful team. When children learn to listen patiently, appreciate different opinions and accept each other's strengths and weaknesses, they develop meaningful relationships. Good communication helps them express their thoughts clearly, share ideas and resolve disagreements in a positive manner.

Teamwork teaches children that every individual has something valuable to contribute. Whether it is completing a classroom activity, participating in a group task or playing together, children learn the importance of cooperation, patience and mutual support. They also understand that success is more rewarding when it is shared.

PARENT'S CORNER

As parents, we can encourage these qualities at home by teaching children to listen, communicate politely, help others and respect differences. Small everyday actions can make a big difference.

Let us remember that a strong team is built not by individuals who think alike, but by individuals who respect one another. After all, teamwork begins with respect!
